

CLEVELAND CLINIC JOURNAL OF MEDICINE

HIGHLIGHTS FROM MEDICAL GRAND ROUNDS

■ WILLIAM S. WILKE, *EDITOR*

Thromboembolic disease: underdiagnosed, undertreated, deadly 97

What should you be looking for in your nonambulatory hospitalized patients? A capsulization of current concepts in diagnosis, treatment, and prevention of this problem.

J. W. OLIN

Medical treatment of pituitary tumors 99

A brief review of appropriate drug therapy in hyperprolactinemia, prolactinoma, and acromegaly.

L. R. SHEELER

INTERNAL MEDICINE BOARD REVIEW

■ DAVID L. LONGWORTH AND JAMES K. STOLLER, *EDITORS*

A woman with amenorrhea and galactorrhea 103

The author guides the reader through a challenging diagnosis.

B. J. HOOGWERF

CANCER DIAGNOSIS AND MANAGEMENT

■ MAURIE MARKMAN, *EDITOR*

Common complications and emergencies associated with cancer and its therapy 105

An update on management of superior vena cava syndrome, malignant pericardial effusions, hypercalcemia, tumor lysis syndrome, febrile neutropenia, and other problems.

M. MARKMAN

REVIEW

The search for diagnostic criteria in Alzheimer's disease: an update 115

Although much is known of the histopathologic findings in this disease, definitive diagnostic criteria are still lacking.

R. A. PRAYSON AND M. L. ESTES

CARDIOLOGY DIALOGUES

■ JAMES THOMAS, EDITOR

NEW SERIES: Cardiology dialogues 123**Dilate or debulk?** 124

In this first in a new series of informal dialogues on controversial and emerging topics in cardiac diagnosis and therapy, two internationally known investigators tally the relative merits of atherectomy and angioplasty for percutaneous therapy of coronary artery disease.

D. R. HOLMES JR AND E. J. TOPOL

ORIGINAL STUDIES**Pleural changes in malignant pleural effusions: appearance on computed tomography** 127

CT scanning appears to facilitate demonstration of several features that should arouse the clinician's and radiologist's suspicion of pleural malignancy.

P. B. O'DONOVAN AND P. ENG

Attitudes toward childbearing and changes in sexual and contraceptive practices among HIV-infected women 132

After studying 46 women with HIV infection, the authors found that counseling often was not adequate and that, though sexual practices changed, further study is needed to see if these changes are sustained.

K. K. LAI

CASE REPORTS**Autologous blood transfusion and intraoperative cell salvage in a patient with homozygous sickle cell disease** 137

J. S. FOX, L. AMARANATH, G. A. HOELTGE, AND OTHERS

Congestive heart failure due to a pancreatic pseudocyst 141

F. Y. W. LEE, Y.-T. WANG, S.-C. POH

Right pleural effusion due to a migrating ventriculoperitoneal shunt 144

D. P. MEEKER AND G. H. BARNETT

EDITORIAL**Influencing health behavior: physicians as agents of change** 147

Physicians' rediscovery of their role as educators, not simply interventionists, is the key to the medicine of the future.

H. JASON

HISTORY OF MEDICINE**Dr. John Phillips: the unknown physician** 153

Portrait of an unsung physician-hero.

C. Q. McCLELLAND

LETTERS TO THE EDITOR**Beta blockers in patients with diabetes and coronary artery disease** 159**The maze procedure for refractory atrial fibrillation** 159**CME CREDIT TEST**
