

TABLE OF CONTENTS

MEDICAL GRAND ROUNDS

Thalidomide's tightly controlled 'comeback' 136

A drug that was banned 40 years ago because of its potential for causing serious birth defects has found new uses—with strict safeguards.

L.H. CALABRESE

UPDATE

Managing year 2000 (Y2K) compliance in the medical practice 141

Even if you do not have a computer, your office may have Y2K-related problems.

T. THOMPSON AND C.M. HARRIS

MEDICAL GRAND ROUNDS

Beta₂-microglobulin amyloidosis in renal failure: Understanding this recently recognized condition 145

Most long-term dialysis patients eventually acquire amyloid deposits, with resultant musculoskeletal problems. Yet, the condition was recognized only recently.

J. KAY

IM BOARD REVIEW

A 47-year-old man with headache and ptosis 151

What is the likely cause of this patient's symptoms? A self-test on a clinical case.

C. NIELSEN AND P. MAZZONE

REVIEW

Carpal tunnel syndrome: The cause dictates the treatment 159

Repetitive trauma is but one of many causes of carpal tunnel syndrome, and conservative treatment is the rule. With an illustration showing the anatomy, signs, and symptoms of this problem.

R.S. CARNEIRO

REVIEW

Multicentric reticulohistiocytosis: A mimic of gout and rheumatoid arthritis 166

Multicentric reticulohistiocytosis can be mistaken for several more-common forms of arthritis, but you can usually confirm the diagnosis on the basis of the characteristic cutaneous, radiographic, and histologic features.

J.R. HORVATH AND G.S. HOFFMAN

CANCER DIAGNOSIS AND MANAGEMENT

Evolving concepts in the management of patients with neutropenia and fever 173

Chemotherapy recipients with neutropenia and fever need prompt antibiotic treatment to prevent sepsis. What are the pitfalls?

R.K. AVERY AND D.L. LONGWORTH

REVIEW

Falls in the elderly: Office-based evaluation, prevention, and treatment 181

When an elderly person falls, a medical evaluation and simple interventions can decrease the risk of further falls and injury.

J.E. MAHONEY
