MEDICAL GRAND ROUNDS

AIDS update 1999: Viral reservoirs and immune-based therapies 267

Recent discoveries have dampened optimism for a cure, though they suggest new avenues of research.

C.M. ISADA AND L.H. CALABRESE

IM BOARD REVIEW

A 42-year-old man with microcytic anemia and hypocalcemia 270

What is the likely cause of this patient's symptoms?
A self-test on a clinical case.

C.A. MATTEONI AND J.J. VARGO II

1-MINUTE CONSULT

What is the optimal strategy for colon cancer surveillance 273 in patients with ulcerative colitis?

In view of the increased risk, these patients need to undergo colonoscopy on a regular basis—and fairly frequently.

W.M. BAUER AND B.A. LASHNER

MEDICAL GRAND ROUNDS

Resuscitating the exercise stress test 278

Old does not necessarily mean obsolete. The exercise stress test can still provide useful information, provided we ask the right questions.

M.S. LAUER

CURRENT DRUG THERAPY

COX 2-selective NSAIDs: Biology, promises, and concerns 285

A new family of nonsteroidal anti-inflammatory drugs promises to be substantially safer than current agents, but should not be assumed to be totally without adverse effects.

B.F. MANDELL

REVIEW

New insulin replacement technologies: Overcoming barriers to tight glycemic control 293

Several new pharmacologic and technologic innovations should make life easier for diabetic patients who require insulin. With an illustration depicting new options that are either available or under development.

C.A. LESLIE

REVIEW

Colorectal cancer screening: Making sense of the different guidelines 303

Colon cancer screening is dismally underused. A review of the guidelines from three different groups, with recommendations in areas of controversy.

C.A. BURKE AND R. VAN STOLK

REVIEW

Gastrointestinal and renal involvement in vasculitis: Management strategies in Henoch-Schönlein purpura 312

Available evidence favors a short course of oral corticosteroids for gastrointestinal involvement and aggressive immunotherapy for progressive HSP nephritis, but the data are sparse.

UPCOMING FEATURES

■ *H pylori* and functional dyspepsia

What studies show about whether to treat.

■ Coronary angiography

Still the gold standard, but no longer on a pedestal of infallibility.

■ TNF antagonists for rheumatoid arthritis

Understanding a new class of disease-modifying drugs.

■ Common sense about chronic fatigue

A rational approach to a frustrating problem.

■ Contraceptive update

With more options than ever, how to choose?

■ Gulf war syndrome

What is known? What is not?
