

TABLE OF CONTENTS

FROM THE EDITOR

Trench foot, jungle rot, and now, Baghdad boil 81

Those of us in civilian practice need to pay attention to specific problems of our returning troops, so we can expeditiously deal with them in our offices and clinics.

B. F. MANDELL

EDITORIAL

Could cardiac CT revolutionize the practice of cardiology? 88

Using computed tomography, physicians could move away from determining "probability" to establishing a definitive diagnosis of coronary artery disease.

M. J. GARCIA

IM BOARD REVIEW

Nonhealing skin lesions in a sailor and a journalist returning from Iraq 93

The differential diagnosis of chronic ulcerative or nodular skin lesions in returned personnel is broad.

E. P. LESH, G. WORTMANN, R. NEAFIE, AND N. ARONSON

REVIEW

A clinician's guide to managing *Helicobacter pylori* infection 109

A physician must choose carefully which patients to test, because widespread treatment is neither justified clinically nor cost-effective.

R. SAAD AND W. D. CHEY

REVIEW

CT of the heart: Principles, advances, clinical uses 127

Computed tomography has become a standard test for aortic dissection and pulmonary embolism, and it has great potential for assessing coronary artery disease. We review its principles and its uses in cardiovascular medicine.

P. SCHOENHAGEN, A. E. STILLMAN, S. S. HALLIBURTON, AND R. D. WHITE

REVIEW

New cervical cancer screening strategy: Combined Pap and HPV testing 141

Women age 30 and older can undergo combined Papanicolaou (Pap) and human papillomavirus (HPV) testing every 3 years instead of Pap testing alone every year, according to several professional societies.

X.W. JIN, K. ZANOTTI, AND B. YEN-LIEBERMAN

REVIEW

Overactive bladder: Evaluation and management in primary care 149

An algorithm can help detect and manage this common problem.

M.T. ROSENBERG AND R.R. DMOCHOWSKI

MEDICAL GRAND ROUNDS

Issues in anticoagulant therapy: Recent trials start to answer the tough questions 157

Three cases—an idiopathic deep venous thrombosis, a pulmonary embolism in a cancer patient, and scheduled surgery in a patient with a mechanical heart valve—introduce discussions of how evidence can be incorporated into clinical practice.

A.K. JAFFER

PATIENT-ORIENTED EVIDENCE THAT MATTERS (POEMs)

Antibiotics ineffective in preventing second heart attack 86

Useful treatments for fibromyalgia syndrome 164
