

PROCEEDINGS OF THE HEART-BRAIN SUMMIT

JUNE 15–17, 2006

Hosted by the Earl and Doris Bakken Heart-Brain Institute at Cleveland Clinic

Supplement 1 to Volume 74, February 2007

Supplement Editor

MARC S. PENN, MD, PhD
Director, Earl and Doris Bakken Heart-Brain Institute
Cleveland Clinic

Course Directors

JAMES B. YOUNG, MD
Chairman, Division of Medicine
Cleveland Clinic

JOSEPH F. HAHN, MD
Chief of Staff
Cleveland Clinic

Introduction: Heart-brain medicine: Where we go from here and why	S4
Marc S. Penn, MD, PhD, <i>Cleveland Clinic, Cleveland, Ohio</i> , and Earl E. Bakken, DSc (hon), <i>Medtronic, Inc., Minneapolis, Minnesota, and North Hawaii Community Hospital, Kamuela, Hawaii</i>	
Opening remarks: The dream behind the summit	S7
Earl E. Bakken, DSc (hon), <i>Medtronic, Inc., Minneapolis, Minnesota, and North Hawaii Community Hospital, Kamuela, Hawaii</i>	
Keynote address: 'Voodoo' death revisited: The modern lessons of neurocardiology	S8
Martin A. Samuels, MD, DSc (hon), <i>Brigham and Women's Hospital, Boston, Massachusetts</i>	
The broken heart syndrome	S17
Ilan S. Wittstein, MD, <i>Johns Hopkins University School of Medicine, Baltimore, Maryland</i>	
Brain imaging in cardiovascular disease: State of the art	S23
Michael Phillips, MD, <i>Cleveland Clinic, Cleveland, Ohio</i>	
Cortical control of the heart	S27
Stephen Oppenheimer, MD, PhD, <i>Sentient Medical Systems, Cockeysville, Maryland</i>	
Neurological mechanisms of chest pain and cardiac disease	S30
Robert D. Foreman, PhD, <i>University of Oklahoma Health Sciences Center, Oklahoma City, Oklahoma</i>	
Hypertension in sleep apnea: The role of the sympathetic pathway	S34
Diana L. Kunze, PhD; David Kline, PhD; and Angelina Ramirez-Navarro, PhD, <i>MetroHealth Medical Center and Case Western Reserve University, Cleveland, Ohio</i>

The statements and opinions expressed in this supplement to the *Cleveland Clinic Journal of Medicine* are those of the authors and not necessarily of the Cleveland Clinic Foundation or its Board of Trustees. They do not necessarily represent formal practice guidelines in effect at Cleveland Clinic.

The *Cleveland Clinic Journal of Medicine* (ISSN 0891-1150) is published 12 times yearly by the Cleveland Clinic Foundation.

Subscription rates: U.S. and possessions: personal \$108; institutional \$134; single

copy/back issue \$20. Foreign: \$134; single copy/back issue \$20. Institutional (multiple-reader rate) applies to libraries, schools, hospitals, and federal, commercial, and private organizations. Individual subscriptions must be in the names of and paid by individuals.

Postmaster address changes: *Cleveland Clinic Journal of Medicine*, NA32, 9500 Euclid Avenue, Cleveland, OH 44195. Subscription orders, editorial, reprint, and production offices (same address): (216) 444-2661 (phone); (216) 444-9385 (fax); ccjm@ccf.org (e-mail); www.ccjm.org (Web).

Printed in USA.

Inflammation: Implications for understanding the heart-brain connection	S37
Mehdi H. Shishehbor, DO; Carlos Alves, MD; and Vivek Rajagopal, MD, <i>Cleveland Clinic, Cleveland, Ohio</i>	
The anti-ischemic effects of electrical neurostimulation in the heart	S42
Jessica de Vries, MD, <i>University of Groningen, The Netherlands</i> ; Robert D. Foreman, PhD, <i>University of Oklahoma Health Sciences Center, Oklahoma City, Oklahoma</i> ; and Mike J.L. DeJongste, MD, PhD, <i>University of Groningen, The Netherlands</i>	
The little brain on the heart	S48
J. Andrew Armour, MD, PhD, <i>Hôpital du Sacré-Coeur and Université de Montréal, Montréal, Québec, Canada</i>	
Open heart surgery and cognitive decline	S52
Mark F. Newman, MD, <i>Duke University Medical Center, Durham, North Carolina</i>	
The heart and the brain within the broader context of wellness	S56
Michael O'Donnell, PhD, MBA, MPH, <i>Cleveland Clinic, Cleveland, Ohio</i>	
The heart-brain interaction during emotionally provoked myocardial ischemia: Implications of cortical hyperactivation in CAD and gender interactions	S59
Robert Soufer, MD, <i>Yale University, New Haven, Connecticut</i> ; and Matthew M. Burg, PhD, <i>Yale University, New Haven, Connecticut, and Columbia University, New York, New York</i>	
Depression and heart disease	S63
François Lespérance, MD, <i>Montréal Heart Institute</i> , and Nancy Frasure-Smith, PhD, <i>McGill University and Montréal Heart Institute, Montréal, Québec, Canada</i>	
Sick at heart: The pathophysiology of negative emotions	S67
Laura D. Kubzansky, PhD, MPH, <i>Harvard School of Public Health, Boston, Massachusetts</i>	
Role of the brain in ventricular fibrillation and hypertension: From animal models to early human studies	S73
James E. Skinner, PhD, <i>Vicor Technologies, Inc., Boca Raton, Florida</i>	
New paradigms in heart-brain medicine: Nonlinear physiology, state-dependent proteomics	S79
James E. Skinner, PhD, <i>Vicor Technologies, Inc., Boca Raton, Florida</i>	
Subarachnoid hemorrhage: A model for heart-brain interactions	S86
J. Javier Provencio, MD, <i>Cleveland Clinic, Cleveland, Ohio</i>	
Cardiac denervation in patients with Parkinson disease	S91
David S. Goldstein, MD, PhD, <i>National Institutes of Health, Bethesda, Maryland</i>	
Aging and the brain renin-angiotensin system: Insights from studies in transgenic rats	S95
Debra I. Diz, PhD; Sherry O. Kasper, PhD; Atsushi Sakima, MD; and Carlos M. Ferrario, MD, <i>Wake Forest University School of Medicine, Winston-Salem, North Carolina</i>	
Contextual cardiology: What modern medicine can learn from ancient Hawaiian wisdom	S99
Paul Pearsall, PhD, <i>University of Hawaii at Manoa and Hawaii State Consortium for Integrative Medicine, Honolulu, Hawaii</i>	
Cardiocerebral resuscitation: The optimal approach to cardiac arrest	S105
Gordon A. Ewy, MD, <i>University of Arizona College of Medicine, Tucson, Arizona</i>	

Heart transplantation: A magnified model of heart-brain interactions	S110
Mohamad H. Yamani, MD, and Randall C. Starling, MD, MPH, <i>Cleveland Clinic, Cleveland, Ohio</i>	
Patent foramen ovale and migraine	S114
Gian Paolo Anzola, MD, <i>S. Orsola Hospital FBF, Brescia, Italy</i>	
Patent foramen ovale and stroke: To close or not to close?	S118
Anthony J. Furlan, MD, <i>Cleveland Clinic, Cleveland, Ohio</i>	
Sudden unexplained death in epilepsy: The role of the heart	S121
Stephan U. Schuele, MD, <i>Cleveland Clinic, Cleveland, Ohio, and Northwestern University, Chicago, Illinois</i> ; Peter Widdess-Walsh, MD, Adriana Bermeo, MD, and Hans O. Lüders, MD, PhD, <i>Cleveland Clinic, Cleveland, Ohio</i>	
Hydrocephalus and the heart: Interactions of the first and third circulations	S128
Mark Luciano, MD, PhD, and Stephen Dombrowski, PhD, <i>Cleveland Clinic, Cleveland, Ohio</i>	
Cognitive impairment in chronic heart failure	S132
Cathy A. Sila, MD, <i>Cleveland Clinic, Cleveland, Ohio</i>	
Cardiac events and brain injury: Ethical implications	S138
Paul J. Ford, PhD, <i>Cleveland Clinic, Cleveland, Ohio</i>	

Articles in these proceedings were either submitted as manuscripts by the Summit faculty or developed by the *Cleveland Clinic Journal of Medicine* staff from transcripts of audiotaped Summit presentations and then reviewed and revised by the Summit faculty.
