

TABLE OF CONTENTS

FROM THE EDITOR

Bugs, pundits, evolution, and the New Year 10

Pathogens continue to evolve, influenced by human behavior but untouched by partisan dialogue and undaunted by doubting politicians.

B.F. MANDELL

THE CLINICAL PICTURE.....

Cytomegalovirus colitis 12

Cytomegalovirus colitis is common in patients on immuno-suppressive therapy for inflammatory bowel disease.

J.G. HASHASH, M. REFAAT, A. ABDULBAKI, E.G. AOUN, AND L. BAIDOO

THE CLINICAL PICTURE.....

Diffuse reticulonodular infiltrates 16

A 69-year-old woman has fever of unknown origin and dyspnea. Her past provides a clue to the diagnosis.

M.G.S. VELEZ AND V.J.M. VELEZ JR.

1-MINUTE CONSULT

Should target natriuretic peptide levels be used for outpatient management of chronic heart failure? 22

Results of trials have been inconclusive, and there is not enough evidence to recommend doing it routinely.

A. IBRAHIM, M. BAIBARS, M.C. ALRAIES, AND G.H. OLIVEIRA

MEDICAL GRAND ROUNDS.....

Updates in the medical management of Parkinson disease 28

The features of Parkinson disease, its treatment options, and its complications in moderate to advanced disease.

H.H. FERNANDEZ

INTERPRETING KEY TRIALS.....

Is niacin ineffective? Or did AIM-HIGH miss its target? 38

A trial has thrown the use of niacin as a lipid-modifying therapy into question. But the results can be interpreted in several ways.

S.J. NICHOLLS

SERIES INTRODUCTION

Addressing disparities in health care 44

We launch a series we hope will provide practical tools to address the disparities in our health care system.

C.S. MODLIN

ADDRESSING DISPARITIES IN HEALTH CARE

Overcoming barriers to hypertension control in African Americans 46

We review the evidence on practice-based approaches to improving blood pressure control, focusing on studies in African Americans.

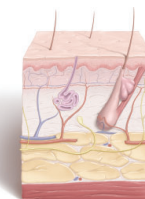

T. ODEDOSU, A. SCHOENTHALER, D.L. VIEIRA, C. AGYEMANG, AND G. OGEDEGBE

REVIEW

Skin and soft-tissue infections: Classifying and treating a spectrum 57

Early recognition, close follow-up, and familiarity with local antibiotic susceptibility are critical to successful treatment.

S. RAJAN

REVIEW

Managing community-acquired pneumonia during flu season 67

Influenza can present as community-acquired pneumonia and should be included in the differential diagnosis.

S. HAESSLER AND J.J. SCHIMMEL

DEPARTMENTS

CME Calendar 8

Correction 78

An error appeared in Sabella C. Measles: Not just a childhood rash. *Cleve Clin J Med* 2010; 77:207–213.

Directions for taking CME tests online 79

To receive CME credit, read any or all of the CME-certified articles in this issue (those that carry the CME logo), then go to www.ccjm.org to take the test for the article or articles you select. It should take up to 1 hour to complete the activity for each article.

Release date: January 1, 2012

Expiration date: December 31, 2012
