

TABLE OF CONTENTS

FROM THE EDITOR

A physician's response to observational studies of opioid prescribing 824

Not long ago, we were told we needed to do better at relieving pain.

B.F. MANDELL

1-MINUTE CONSULT

Which patients with pulmonary embolism need echocardiography? 826

The decision should be based on clinical presentation, burden of pulmonary embolism, and other imaging findings.

R. HRITANI, A. ALRIFAI, M. SOUD, H. MOUSSA PACHA, AND M. CHADI ALRAIES

THE CLINICAL PICTURE

Renal vein thrombosis and pulmonary embolism 833

A man with membranous nephropathy presents with dyspnea, cough, and epigastric discomfort.

A. CHEDID, M. HANOUNEH, AND C.J. SPERATI

THE CLINICAL PICTURE

Back pain as a sign of inferior vena cava filter complications 835

Complications can include filter movement, fracture, occlusion, and penetration.

M. LAUSE, A. KAMBOJ, R. SCHWIETERMAN, AND V. DUGGIRALA

STUDIES THAT CHANGED MY PRACTICE

How acute pain leads to chronic opioid use 837

Several recent studies suggest how doctors can better treat acute pain to prevent chronic opioid use.

C. REZNIKOFF

SYMPTOMS TO DIAGNOSIS

Pulmonary infarction due to pulmonary embolism 848

A 76-year-old man is admitted with pleuritic chest pain and shortness of breath 48 hours after undergoing surgery.

M. SONMEZ, L.S. ABOUSSOUAN, C. FARVER, S.C. MURTHY, AND R. KAW
