

# TABLE OF CONTENTS

**FROM THE EDITOR**

- COVID-19: An unwelcome guest that won't leave** **254**

Long-lasting economic and societal effects, and lingering post-infection symptoms.

Brian F. Mandell, MD, PhD

**THE CLINICAL PICTURE**

- Koebner phenomenon from insulin injection** **264**

Repeated insulin injections in the abdomen led to large red scaly plaques.

Parvathy Madhavan, MBBS; Lauren Hamann, RN, BSN, CDE; Kamal Shoukri, MD; Latha Dulipsingh, MD, FACP, FACE

**THE CLINICAL PICTURE**

- Fibrous epulis: A tumorlike gingival lesion** **265**

A 40-year-old woman presented with an enlarging mass measuring 20 mm by 18 mm.

Keiichi Ohta, DDS; Hitoshi Yoshimura, DDS, PhD

**COVID-19 CURBSIDE CONSULTS**

- Post-acute sequelae of SARS-CoV-2 infection:  
Caring for the 'long-haulers'** **267**

An estimated 10% of COVID-19 survivors continue to experience symptoms weeks to months after symptoms appear.

Susan Vehar, MD; Marina Boushra, MD; Prince Ntiamoah, MD; Michelle Biehl, MD, MS

**COMMENTARY**

- What is causing the 'long-hauler' phenomenon after COVID-19?** **273**

We are still early in our understanding of COVID-19 and its many manifestations.

Leonard H. Sigal, MD, FACP, FACR, MACR

CME MOC

- Vaccinating the unvaccinated adult** **279**

Numbers of unvaccinated children are on the rise, but when they grow up, some of them come in for care.

Dillon Cason, MD; Paul Williams, MD, FACP

**REVIEW**

- Quetiapine for primary insomnia: Consider the risks** **286**

Its cardiometabolic effects and potential for abuse warrant caution in off-label use.

Vania Modesto-Lowe, MD, MPH; Agata K. Harabasz, MD; Sophia A. Walker, MD

**REVIEW .....****CABG: When, why, and how?****295**

The surgery has developed beyond a “cookie-cutter” generic cardiac operation.

George Dimeling, MD; Laurice Bakaeen, PharmD; Jaikirshan Khatri, MD; Faisal G. Bakaeen, MD, FACS

**LETTERS TO THE EDITOR .....****Prostate cancer screening (To the Editor)****260**

The costs of PSA testing—both financial and to the patient’s well-being—are not worth it.

Sherry Zhang, MD; Ian Jenkins, MD

**LETTERS TO THE EDITOR .....****Prostate cancer screening (To the Editor)****260**

Screening should be advised only if benefits clearly outweigh the risks

Kevin Kurator, BS, BA; Ian Jenkins, MD

**LETTERS TO THE EDITOR .....****Prostate cancer screening (In Reply)****261**

Detection does not lead to overtreatment.

Prasanna Sooriakumaran, MD, PhD, FRCSUrol, FEBU

**LETTERS TO THE EDITOR .....****Prostate cancer screening (In Reply)****262**

The debate about screening remains fraught, and passions run high on both sides.

Timothy Gilligan, MD
