Illicit drug use

(JUNE 2001)

TO THE EDITOR: In my recent article, "It's a rave new world: Rave culture and illicit drug use in the young," I would like to credit my colleague, Dr. Karen S. Vargo, for leading me to the title and for finding the information regarding raves in Ohio and a rave website. I apologize for this oversight. I would also like to thank Dr. Pierre Paul Tellier of Montreal for sharing his expertise on this topic and for sparking my interest in the first place.
