**Ziganshina LE** See **Farmer RG**  
**Zimmerman RS.** What is the target TSH level in thyroid hormone replacement for primary hypothyroidism? (1-Minute Consult). Apr 329

## SUBJECT INDEX

### A

#### AASK trial

Initial findings of the AASK: African Americans with hypertensive kidney disease benefit from an ACE inhibitor. Rahman M. Apr 304

#### Acarbose

Is there a role for metformin or acarbose as a weight-loss agent in the absence of diabetes? (1-Minute Consult). Siraj ES. Aug 702

Acarbose for the prevention of diabetes (Letter). Magill SB. Dec 1088

Acarbose for the prevention of diabetes (Letter). Weiss D. Dec 1088

Acarbose for the prevention of diabetes (In Reply). Siraj ES. Dec 1088

#### Acne vulgaris

Acne vulgaris: One treatment does not fit all. Longshore SJ, Hollandsworth K. Aug 670

#### African Americans

Culture, race, and disparities in health care (Editorial). Modlin CS. Apr 283

Initial findings of the AASK: African Americans with hypertensive kidney disease benefit from an ACE inhibitor. Rahman M. Apr 304

#### Alcohol

Alcohol and health: A drink a day won't keep the doctor away. Lieber CS. Nov 945

#### Allergy

Penicillin allergy: Consider trying penicillin again. Arroliga ME, Pien L. Apr 313

Skin rash in a transplant patient receiving multiple drugs (IM Board Review). Lacouture ME, Hsieh FH. Dec 1071

#### ALLHAT trial

The ALLHAT trial. Diuretics are still the preferred initial drugs for high blood pressure. Vidt DG. Mar 263

#### Alopecia

Hair loss: Diagnosis and management. Mulinari-Brenner F, Bergfeld WF. Aug 705

#### Alosetron

Alosetron (Lotronex) is back: Should I use it to treat my patients with irritable bowel syndrome? (1-Minute Consult). Shen B, Soffer EE. Jan 64

#### Alzheimer disease

Does this patient have Alzheimer disease? Diagnosing and treating dementia (Medical Grand Rounds). Messenger-Rapport BJ. Sep 762

Indications for neuropsychological assessment. Kulas JF, Naugle RI. Sep 785

#### Amiodarone

Amiodarone-induced thyrotoxicosis: Diagnostic and therapeutic strategies. Cardenas GA, Cabral JM, Leslie CA. Jul 624

#### Angiotensin-converting enzyme inhibitors

Should everyone with a recent myocardial infarction receive a beta-blocker and an ACE inhibitor? (1-Minute Consult). Hostetter JC, Ghaffari S. Jan 46

Initial findings of the AASK: African Americans with hypertensive kidney disease benefit from an ACE inhibitor. Rahman M. Apr 304

#### Antibiotics

Antibiotic prophylaxis: Is prevention always worth the cost and risk? (From The Editor). Clough JD. Apr 280

Penicillin allergy: Consider trying penicillin again. Arroliga ME, Pien L. Apr 313

Do patients with total joint replacement need antibiotics before dental work? (1-Minute Consult). Keys TF. Apr 351

Controlling antibiotic resistance in the ICU: Different bacteria, different strategies. Rice LB. Sep 793

#### Arthroscopy

Whither arthroscopic treatment for osteoarthritis of the knee? (Editorial). Mandell BF. May 384

A perspective on the study of Moseley et al:

Questioning the value of arthroscopic knee surgery for osteoarthritis. Bernstein J, Quach T. May 401

#### Aspirin

Who should be taking aspirin to prevent coronary events? Lauer MS. Dec 1076

#### Atrial fibrillation

"Obvious" answers aren't always so simple (From the Editor). Clough JD. Jun 487

Atrial fibrillation: Rate control is as good as rhythm control for some, but not all. Chung MK. Jun 567

Atrial fibrillation (Letter). Boos CJ. Nov 998

Atrial fibrillation (In Reply). Chung MK. Nov 998

### B

#### B-type natriuretic peptide

Using BNP to diagnose, manage, and treat heart failure (Medical Grand Rounds). Hobbs RE. Apr 333

#### Bacteremia

*Staphylococcus aureus* bacteremia: Using echocardiography to guide length of therapy. Kim AL, Adal KA, Schmitt SK. Jun 517

#### Bariatric surgery

A 51-year-old woman with debilitating cramps 12 years after bariatric surgery (IM Board Review). Atreja A, Abacan C, Licata A. May 417

#### Beta-blockers

Should everyone with a recent myocardial infarction receive a beta-blocker and an ACE inhibitor? (1-Minute Consult). Hostetter JC, Ghaffari S. Jan 46

Up pops the devil (From the Editor). Clough JD. Dec 1007

Interpreting the COMET trial. In heart failure, all beta-blockers are not necessarily equal. Tang WHW, Militello M, Francis GS. Dec 1081

#### BK polyomavirus

BK polyomavirus: A newly recognized threat to transplanted kidneys. Braun WE. Dec 1056

### C

#### C-reactive protein

Using C-reactive protein to assess cardiovascular disease risk. Shishehbor MH, Bhatt DL, Topol EJ. Jul 634

#### Calcific aortic stenosis

Calcific aortic stenosis: Another face of atherosclerosis? Novaro GM, Griffin BP. May 471

#### Cancer

Chemoprevention of colorectal cancer: Slow, steady progress. Burke CA, Bauer WM, Lashner B. Apr 346

Are we winning or losing the war on cancer?

(Commentary). Markman M. Jul 632

New advances transform the management of women with abnormal Pap tests. Jin XW, Nielsen C, Brainard J, Yen-Lieberman B. Jul 641

The needs of science vs the needs of patients: Ethical concerns in cancer clinical trials (Commentary). Markman M. Dec 1008

#### Cervical spondylotic myelopathy

Cervical spondylotic myelopathy: Make the difficult diagnosis, then refer for surgery. McCormick WE, Steinmetz MP, Benzel EC. Oct 899

#### Clopidogrel

Clopidogrel and thrombotic thrombocytopenic purpura: No clear case for causality. Majhail NS, Lichtin AE. May 466

#### COMET trial

Interpreting the COMET trial. In heart failure, all beta-blockers are not necessarily equal. Tang WHW, Militello M, Francis GS. Dec 1081

#### Continuing Medical Education

Richard G. Farmer, MD: To Russia, with CME (From the Editor). Clough JD. Nov 919

The Russian health care system today: Can American-Russian CME programs help? Farmer RG, Sirotkin AY, Ziganshina LE, Greenberg HM. Nov 937

#### Contraception

Update on contraception: Benefits and risks of the new formulations. Batur P, Elder J, Mayer M. Aug 681

New contraceptives for women (Patient Information). Anonymous. Aug 697

#### Coronary artery disease

Microalbuminuria: Is it a valid predictor of cardiovascular risk? Tagle R, Acevedo M, Vidt DG. Mar 255

Aggressive treatment of atherosclerosis: The time is now (Medical Grand Rounds). Fonarow GC. May 431

In-hospital initiation of statins: Taking advantage of the "teachable moment" (Editorial). Fonarow GC. Jun 502

Raising an isolated low HDL-C level: Why, how, and when? Miller M. Jun 553

The Lescol Intervention Prevention Study: Start all patients on statins early after PCI. Messerli AW, Aronow HD, Sprecher DL. Jun 561

Using C-reactive protein to assess cardiovascular disease risk. Shishehbor MH, Bhatt DL, Topol EJ. Jul 634

The case for clinical trials of noninvasive imaging tests (Editorial). Detrano R. Aug 664

Coronary imaging: Angiography shows the stenosis, but IVUS, CT, and MRI show the plaque. Schoenhagen P, White RD, Nissen SE, Tuzcu EM. Aug 713

Heart disease and depression: Don't ignore the relationship. Kemp DE, Malhotra S, Franco KN, Tesar G, Bronson DL. Sep 745

Alcohol and health: A drink a day won't keep the doctor away. Lieber CS. Nov 945

The Heart Protection Study: High-risk patients benefit from statins, regardless of LDL-C level. Gurm HS, Hoogwerf B. Nov 991

Who should be taking aspirin to prevent coronary events? Lauer MS. Dec 1076

#### Culture

Culture, race, and disparities in health care (Editorial). Modlin CS. Apr 283

Physician cultural competence: Cross-cultural communication improves care. Misra-Hebert AD. Apr 289

### D

#### Demarest, Robert

Our friend and art director Bob Demarest leaves the CCJM (From the Editor). Clough JD. Aug 663

#### Dementia

Does this patient have Alzheimer disease? Diagnosing and treating dementia (Medical Grand Rounds). Messenger-Rapport BJ. Sep 762

Indications for neuropsychological assessment. Kulas JF, Naugle RI. Sep 785

#### Depression

Should primary care physicians screen for depression? (1-Minute Consult). Tesar GE. Jun 488

Managing weight gain as a side effect of antidepressant therapy. Deshmukh R, Franco K. Jul 614

Heart disease and depression: Don't ignore the relationship. Kemp DE, Malhotra S, Franco KN, Tesar G, Bronson DL. Sep 745

Talking to patients about St. John's wort. Deshmukh R, Franco K. Nov 985

Straight talk about St. John's wort (Patient Information). Anonymous. Nov 990

#### Diabetes mellitus

A diabetic woman with worsening heart failure, hunger, and tremor (IM Board Review). Skugor M, Siraj ES. Oct 882

Acarbose for the prevention of diabetes (Letter). Magill SB. Dec 1088

Acarbose for the prevention of diabetes (Letter). Weiss D. Dec 1088

Acarbose for the prevention of diabetes (In Reply). Siraj ES. Dec 1088

#### Diaphragm paralysis

A 62-year-old man with sudden onset of orthopnea and left shoulder weakness and pain (IM Board Review). Cook WC, Chapman J. Jan 66

#### Drug side effects

Managing weight gain as a side effect of antidepressant therapy. Deshmukh R, Franco K. Jul 614

Amiodarone-induced thyrotoxicosis: Diagnostic and therapeutic strategies. Cardenas GA, Cabral JM, Leslie CA. Jul 624

Skin rash in a transplant patient receiving multiple drugs (IM Board Review). Lacouture ME, Hsieh FH. Dec 1071

**Dual-energy x-ray absorptiometry**

DXA scanning to diagnose osteoporosis: Do you know what the results mean? Richmond B. Apr 353

**Dupuytren contracture**

What is the appropriate treatment for Dupuytren contracture? (1-Minute Consult). Hunt TR III. Feb 96

**E****Electrocardiography**

Worsening shortness of breath (The Clinical Picture). Sharroui M, Rimmerman CM. Feb 104

**End-of-life care**

Withholding nutrition at the end of life: Clinical and ethical issues. Slomka J. Jun 548

**Endovascular therapy**

Endovascular therapy or conventional vascular surgery? A complex choice. Greenberg RK. Dec 1038

**Epilepsy**

In refractory temporal lobe epilepsy, consider surgery sooner. Lachhwani R, Lüders H. Jul 649

**Erectile dysfunction**

Erectile dysfunction: Why drug therapy isn't always enough (Medical Grand Rounds). Levine SB. Mar 241

**Ethics**

Withholding nutrition at the end of life: Clinical and ethical issues. Slomka J. Jun 548

The needs of science vs the needs of patients: Ethical concerns in cancer clinical trials (Commentary). Markman M. Dec 1008

**Ezetimibe**

Lipid-lowering: Can ezetimibe help close the treatment gap? Neal RC, Jones PH. Sep 777

**F****Farmer, Richard G.**

Richard G. Farmer, MD: To Russia, with CME (From the Editor). Clough JD. Nov 919

**Fecal incontinence**

Fecal incontinence in elderly patients: Common, treatable, yet often undiagnosed. Stevens TK, Soffer EE, Palmer RM. May 441

**Fungal nail infection**

Fungal nail infection: Assessing the new treatment options. Botek G. Feb 110

**H****Health disparities**

Culture, race, and disparities in health care (Editorial). Modlin CS. Apr 283

**Heart failure**

Improving care of chronic heart failure: Advances from drugs to devices (Medical Grand Rounds). Starling RC. Feb 141

Mechanical cardiac support: Is the bridge a destination when you're stuck on it? (Editorial). Mills RM. Mar 177

Mechanical treatment of heart failure: The growing role of LVADs and artificial hearts. Nemeš HW, Smedira NG. Mar 223

Using BNP to diagnose, manage, and treat heart failure (Medical Grand Rounds). Hobbs RE. Apr 333

Pacing in heart failure: The benefit of resynchronization. Khaykin Y, Saad EB, Wilkoff BL. Oct 841

Up pops the devil (From the Editor). Clough JD. Dec 1007

Interpreting the COMET trial. In heart failure, all beta-blockers are not necessarily equal. Tang WHW, Militello M, Francis GS. Dec 1081

**Heart Protection Study**

The Heart Protection Study: High-risk patients benefit from statins, regardless of LDL-C level. Gurm HS, Hoogwerf B. Nov 991

**Hepatitis**

Do patients who start but fail to complete a hepatitis A or hepatitis B vaccination series have to restart the series? (1-Minute Consult). Alter ML. Mar 234

New guidelines for occupational exposure to blood-borne viruses. Alvarado-Ramy F, Beltrami EM. May 457

**High blood pressure**

The ALLHAT trial. Diuretics are still the preferred initial drugs for high blood pressure. Vidd DG. Mar 263

Treat high blood pressure sooner: Tougher, simpler JNC 7 guidelines. Vidd DG, Borazanian RA. Aug 721

**High-density lipoprotein cholesterol**

Raising an isolated low HDL-C level: Why, how, and when? Miller M. Jun 553

**Hormone replacement therapy**

What are the key issues women face when ending hormone replacement therapy? (1-Minute Consult). Utian WH. Feb 93

**Human immunodeficiency virus**

New guidelines for occupational exposure to blood-borne viruses. Alvarado-Ramy F, Beltrami EM. May 457

**Hyperhidrosis**

In hyperhidrosis (excess sweating), look for a pattern and a cause. Stolman LP. Oct 896

**Hyperparathyroidism**

How should I follow a patient with mildly elevated serum calcium and PTH, but no symptoms? (1-Minute Consult) (published correction appears in *Cleve Clin J Med* 2003; 70:989). Wojtowicz J, Nasr C. Sep 811

**Hypocalcemia**

A 51-year-old woman with debilitating cramps 12 years after bariatric surgery (IM Board Review). Atreja A, Abacan C, Licata A. May 417

**Hypoglycemia**

A diabetic woman with worsening heart failure, hunger, and tremor (IM Board Review). Skugor M, Siraj ES. Oct 882

**I****Imaging tests**

The case for clinical trials of noninvasive imaging tests (Editorial). Detrano R. Aug 664

Coronary imaging: Angiography shows the stenosis, but IVUS, CT, and MRI show the plaque. Schoenhagen P, White RD, Nissen SE, Tuzcu EM. Aug 713

**Infective endocarditis**

*Staphylococcus aureus* bacteremia: Using echocardiography to guide length of therapy. Kim AI, Adal KA, Schmitt SK. Jun 517

A 34-year-old man with facial droop and dysarthria (IM Board Review). Latif AA, Jneid H, Isada CM, Francis GS. Jul 602

A 77-year-old man with septic shock (IM Board Review). Abdelhadi RH, Rimmerman CM. Aug 729

A 46-year-old intravenous drug user with fever (The Clinical Picture). Hurbaneck J, Jaffer A, Tomford JW, Gordon S, Ghaffari S. Oct 906

**Influenza**

Demystifying FluMist, a new intranasal, live influenza vaccine. Mossad SB. Sep 801

Flu shot or FluMist? (Patient Information). Anonymous. Sep 808

**Internet**

Cyber-CME and the *Journal's* computer-literate readers (From the Editor). Clough JD. Jan 7

What's a web site for? (From the Editor). Clough JD. Sep 744

**Irritable bowel syndrome**

Alosetron (Lotronex) is back: Should I use it to treat my patients with irritable bowel syndrome? (1-Minute Consult). Shen B, Soffer EE. Jan 64

**Ischemic colitis**

Investigation and management of ischemic colitis. Baixauli J, Kiran RP, Delaney CP. Nov 920

**Isoflavones**

Supplements and the prostate: Widespread use, little evidence (Editorial). Klein EA. Mar 169

Isoflavones and the prevention and treatment of prostate disease: Is there a role? Gaynor ML. Mar 203

**J****Joint surgery**

Antibiotic prophylaxis: Is prevention always worth the cost and risk? (From The Editor). Clough JD. Apr 280

Do patients with total joint replacement need antibiotics before dental work? (1-Minute Consult). Keys TF. Apr 351

**K****Kidney disease**

Microalbuminuria: Is it a valid predictor of cardiovascular risk? Tagle R, Acevedo M, Vidd DG. Mar 255

Initial findings of the AASK: African Americans with hypertensive kidney disease benefit from an ACE inhibitor. Rahman M. Apr 304

Preventing kidney failure: Primary care physicians must intervene earlier (published correction appears in *Cleve Clin J Med* 2003; 70:501). Eknayan G. Jun 337

On testing for proteinuria: Time for a methodical approach (Editorial). Eknayan G. Jun 493

Proteinuria: How to evaluate an important finding. Kashif W, Siddiqi N, Dincer AP, Dincer HE, Hirsch S. Jun 535

BK polyomavirus: A newly recognized threat to transplanted kidneys. Braun WE. Dec 1056

**L****Left ventricular assist devices**

Mechanical cardiac support: Is the bridge a destination when you're stuck on it? (Editorial). Mills RM. Mar 177

Mechanical treatment of heart failure: The growing role of LVADs and artificial hearts. Nemeš HW, Smedira NG. Mar 223

**Lescol trial**

The Lescol Intervention Prevention Study: Start all patients on statins early after PCI. Messerli AW, Aronow HD, Sprecher DL. Jun 561

**Lipid-lowering drugs**

In-hospital initiation of statins: Taking advantage of the "teachable moment" (Editorial). Fonarow GC. Jun 502

Raising an isolated low HDL-C level: Why, how, and when? Miller M. Jun 553

The Lescol Intervention Prevention Study: Start all patients on statins early after PCI. Messerli AW, Aronow HD, Sprecher DL. Jun 561

Lipid-lowering: Can ezetimibe help close the treatment gap? Neal RC, Jones PH. Sep 777

The Heart Protection Study: High-risk patients benefit from statins, regardless of LDL-C level. Gurm HS, Hoogwerf B. Nov 991

**M****Macular degeneration**

Age-related macular degeneration: Evaluation and treatment. Moshfeghi DM, Lewis H. Dec 1017

**Metformin**

Is there a role for metformin or acarbose as a weight-loss agent in the absence of diabetes? (1-Minute Consult). Siraj ES. Aug 702

**Migraine**

Relieving migraine pain: Sorting through the options. Mannix LK. Jan 8

Migraine treatments—what you can expect (Patient Information). Anonymous. Jan 30

**Minimally invasive surgery**

New series: Minimally invasive surgery updates. Gill IS. Jun 508

Laparoscopic repair of giant paraesophageal hernias: An update for internists. Rosen M, Ponsky J. Jun 511

**Monkeypox**

SARS: Here to stay? Monkeypox: Beware of exotic pets (Medical Grand Rounds). Gordon SM, Longworth DL. Oct 889

**Myocardial infarction**

Should everyone with a recent myocardial infarction receive a beta-blocker and an ACE inhibitor? (1-Minute Consult). Hostetter JC, Ghaffari S. Jan 46

Worsening shortness of breath (The Clinical Picture). Sharroui M, Rimmerman CM. Feb 104

**N****Neurosurgery**

In refractory temporal lobe epilepsy, consider surgery sooner. Lachhwani R, Lüders H. Jul 649

## O

### Obesity

Supersized America: Help your patients regain control of their weight (Medical Grand Rounds). Moore BJ. Mar 237

A 51-year-old woman with debilitating cramps 12 years after bariatric surgery (IM Board Review). Atreja A, Abacan C, Licata A. May 417

Is there a role for metformin or acarbose as a weight-loss agent in the absence of diabetes? (1-Minute Consult). Siraj ES. Aug 702

### Obsessive-compulsive disorder

Too much of a "good" thing? (From the Editor). Clough JD. Oct 823

Obsessive-compulsive disorder: Unearthing a hidden problem. El-Sayegh S, Bea S, Agelopoulou A. Oct 824

### Osteoarthritis

Whither arthroscopic treatment for osteoarthritis of the knee? (Editorial). Mandell BF. May 384

A perspective on the study of Moseley et al: Questioning the value of arthroscopic knee surgery for osteoarthritis. Bernstein J, Quach T. May 401

### Osteoporosis

Vertebral compression fractures: What time destroys, methylmethacrylate may mend (Editorial). Bono CM. Feb 88

Vertebral compression fractures: Manage aggressively to prevent sequelae. Mazanec DJ, Podichetty VK, Mompoin A, Potnis A. Feb 147

Osteoporosis in men: Suspect secondary disease first (published correction appears in *Cleve Clin J Med* 2003; 70:501). Licata A. Mar 247

DXA scanning to diagnose osteoporosis: Do you know what the results mean? Richmond B. Apr 353

Recombinant human PTH 1-34 (Forteo): An anabolic drug for osteoporosis. Deal C, Gideon J. Jul 585

## P

### Pain

Challenges and choices in drug therapy for chronic pain. Fishman SM, Teichera D. Feb 119

### Pap testing

New advances transform the management of women with abnormal Pap tests. Jin XW, Nielsen C, Brainard J, Yen-Lieberman B. Jul 641

### Paraesophageal hernia

Laparoscopic repair of giant paraesophageal hernias: An update for internists. Rosen M, Ponsky J. Jun 511

### Parathyroid hormone

The promise of molecular biology: Efficacy, safety, wallet depletion (From the Editor). Clough JD. Jul 584

Recombinant human PTH 1-34 (Forteo): An anabolic drug for osteoporosis. Deal C, Gideon J. Jul 585

### Patient information

If your tuberculosis skin test is positive (Patient Information). Anonymous. Jan 56

Migraine treatments—what you can expect (Patient Information). Anonymous. Jan 30

New contraceptives for women (Patient Information). Anonymous. Aug 697

Straight talk about St. John's wort (Patient Information). Anonymous. Nov 990

### Patient privacy

A matter of privacy (From the Editor). Clough JD. Mar 166

Privacy protection for your patients: Understanding the federal requirements. Nickelson DE, Steiner JE, Mehta N. Mar 182

### Penicillin

Penicillin allergy: Consider trying penicillin again. Arroliga ME, Pien L. Apr 313

### Perioperative care

When patients on warfarin need surgery. Jaffer AK, Brotman DJ, Chukwumerije N. Nov 973

### Polycystic ovary syndrome

Polycystic ovary syndrome: Pathogenesis and treatment over the short and long term. Marx TL, Mehta AE. Jan 31

### Preventive medicine

From emerging viruses to cardiovascular disease: Preventive measures matter (From the Editor). Clough JD. May 383

### Prostate disease

Supplements and the prostate: Widespread use, little evidence (Editorial). Klein EA. Mar 169

Isoflavones and the prevention and treatment of prostate disease: Is there a role? Gaynor ML. Mar 203

### Proteinuria

Microalbuminuria: Is it a valid predictor of cardiovascular risk? Tagle R, Acevedo M, Vidt DG. Mar 255

On testing for proteinuria: Time for a methodical approach (Editorial). Eknayan G. Jun 493

Proteinuria: How to evaluate an important finding. Kashif W, Siddiqi N, Dincer AP, Dincer HE, Hirsch S. Jun 535

### Pulmonary function tests

Interpreting pulmonary function tests: Recognize the pattern, and the diagnosis will follow. Al-Ashkar F, Mehra R, Mazzone PJ. Oct 866

## R

### Resynchronization

Pacing in heart failure: The benefit of resynchronization. Khaykin Y, Saad EB, Wilkoff BL. Oct 841

### Russia

Richard G. Farmer, MD: To Russia, with CME (From the Editor). Clough JD. Nov 919

The Russian health care system today: Can American-Russian CME programs help? Farmer RG, Sirotkin AY, Ziganshina LE, Greenberg HM. Nov 937

## S

### Scleroderma

Scleroderma: A treatable disease (Medical Grand Rounds). Korn JH. Nov 954

### Severe acute respiratory syndrome

Severe acute respiratory syndrome (SARS): Update on a moving target. Smith FW. May 413

SARS: Here to stay? Monkeypox: Beware of exotic pets (Medical Grand Rounds). Gordon SM, Longworth DL. Oct 889

### Smallpox

A pox upon human folly (From the Editor). Clough JD. Feb 79

Pre-event smallpox vaccination: Unresolved issues (Editorial). Gordon SM. Feb 80

### St. John's wort

Talking to patients about St. John's wort. Deshmukh R, Franco K. Nov 985

Straight talk about St. John's wort (Patient Information). Anonymous. Nov 990

### Sweating

In hyperhidrosis (excess sweating), look for a pattern and a cause. Stolman LP. Oct 896

### Syphilis

How do you manage a healthy, asymptomatic, 24-

year-old patient with a positive RPR on a premarital blood test? (1-Minute Consult). Mossad SB. Feb 101

## T

### Thyroid disease

Thyrotoxicosis and the cardiovascular system: Subtle but serious effects. Roffi M, Cattaneo F, Topol EJ. Jan 57

What is the target TSH level in thyroid hormone replacement for primary hypothyroidism? (1-Minute Consult). Zimmerman RS. Apr 329

Amiodarone-induced thyrotoxicosis: Diagnostic and therapeutic strategies. Cardenas GA, Cabral JM, Leslie CA. Jul 624

### Tonsillectomy

Tonsillectomy in adults: A paucity of data (Editorial). Mossad S. Aug 669

When does an adult need a tonsillectomy? (1-Minute Consult). Bhattacharyya N. Aug 698

### Trimethoprim-sulfamethoxazole

Skin rash in a transplant patient receiving multiple drugs (IM Board Review). Lacouture ME, Hsieh FH. Dec 1071

### Tuberculosis

New guidelines: What to do about an unexpected positive tuberculin skin test. Curley C. Jan 49

If your tuberculosis skin test is positive (Patient Information). Anonymous. Jan 56

An 18-year-old man with swelling in his left thumb (IM Board Review). Gurunluoglu R, Dogan T, Carnevale K. Mar 192

## U

### Ulcerative colitis

When should prophylactic colectomy be considered in patients with ulcerative colitis? (1-Minute Consult). Lashner BA. Mar 221

## V

### Vaccination

Do patients who start but fail to complete a hepatitis A or hepatitis B vaccination series have to restart the series? (1-Minute Consult). Alter ML. Mar 234

### Ventilator therapy

When to wean from a ventilator: An evidence-based strategy. Frutos-Vivar F, Esteban A. May 389

### Vertebral compression fractures

Vertebral compression fractures: What time destroys, methylmethacrylate may mend (Editorial). Bono CM. Feb 88

Vertebral compression fractures: Manage aggressively to prevent sequelae. Mazanec DJ, Podichetty VK, Mompoin A, Potnis A. Feb 147

## W

### Warfarin

Practical tips for warfarin dosing and monitoring. Jaffer A, Bragg L. Apr 361

What you need to know about your warfarin therapy (Patient Information). Anonymous. Apr 372

When patients on warfarin need surgery. Jaffer AK, Brotman DJ, Chukwumerije N. Nov 973

### West Nile virus

West Nile fever: Lessons from the 2002 season (Medical Grand Rounds). Gordon SM, Isada CM. May 449

Reducing your risk of West Nile virus (Patient Information). Anonymous. May 455
