INDEX

Allergy, gastrointestinal.	107	Deficiency, ovarian, stilbestrol in treatment of.	32
Allergy, gastrointestinal, proctoscopic observations in.	17	Diabetes mellitus, associated with hyperthyroidism.	21
Angina pectoris with pain of atypical distribution.	253	Diagnosis of gout.	230
Arthritis, rheumatoid, prognosis in.	190	Diagnostic significance of increased Q-T interval in electrocardiogram.	12
Aspiration lung biopsy, value of in diagnosis.	175	Ear, middle, infections of.	5
Asthenia, neurocirculatory.	42	Edema, menstrual, associated with intracranial hypertension.	202
Auricular paroxysmal tachycardia in an infant.	167	Effect of certain androgens upon red blood cell count and glucose tolerance.	79
Biopsy, aspiration, value of in diagnosis.	175	Electrocardiogram, diagnostic significance of increased Q-T interval in.	12
Bladder, neurogenic, suprapubic puncture in treatment of.	162	Electrocardiographic changes during induced pain in angina pectoris.	253
Bone, Pagets disease of.	139	Fracture of patella, treatment of.	154
Bunts Institute.	3, 63, 200, 257	Frank E. Bunts Institute.	3, 63, 200, 257
Bursitis, acute subacromial, treatment of.	234	Gastrectomy, total.	225
Cancer of stomach.	50	Gastrointestinal allergy.	107
Carbuncle, local use of sulfonamide drugs in.	152	Gastrointestinal allergy, proctoscopic observations in.	17
Case reports		Glucose tolerance, and red blood cell count, effect of certain androgens upon.	79
Angina pectoris with pain of atypical distribution.	253	Gout, diagnosis of.	230
Aspiration lung biopsy.	178	Heart disease, arteriosclerotic and hyperthyroid, associated with hyperthyroidism.	21
Auricular paroxysmal tachycardia in an infant.	167	Hormones, sex, and vitamins concerned in reproduction.	245
Carcinoma of the stomach.	53	Human red blood cell.	111
Gastrointestinal allergy.	108	Hyperthyroidism, associated with obesity, arteriosclerotic and hyperthyroid heart disease, diabetes mellitus, etc.	21
Hyperthyroidism, etc.	21	Hypovarianism, use of stilbestrol in.	34
Irritable colon, its simulation of surgical conditions, etc.	69	Infections of middle ear.	5
Laurence-Moon-Biedl syndrome.	236	Intracranial hypertension, and menstrual edema.	202
Lymphosarcoma of stomach.	54	Iodine, febrile response to, associated with hyperthyroidism.	21
Menstrual edema with intracranial hypertension.	202	Irritable colon, etc.	67
Nephrotic syndrome.	29	Laurence-Moon-Biedl syndrome.	236
Otitic pneumococcic meningitis.	213	Meningitis, otitic pneumococcic, recovery from.	213
Proctoscopic observation in gastrointestinal allergy.	17	Menopause, use of stilbestrol in.	34
Removal of right cerebral hemisphere.	94	Menstrual edema associated with intracranial hypertension.	202
Rheumatoid arthritis, prognosis of.	195	Nephrotic syndrome.	27
Stilbestrol in treatment of ovarian deficiency.	40		
Suprapubic puncture in treatment of neurogenic bladder.	164		
Total gastrectomy.	225		
Umbilical concretions.	172		
Chemotherapy, efficacy of in pneumococcus infections, etc.	218		
Chorea, treatment of with typhoid shock.	158		
Concretions, umbilical.	172		

INDEX — Cont.

Neurocirculatory asthenia..... 42 Neurogenic bladder, suprapubic puncture in treatment of.....162 Obesity, associated with hyperthyroidism, etc..... 21 Osteitis deformans.....139 Otitic pneumococcic meningitis, recovery from.....213 Ovarian deficiency, stilbestrol in treatment of..... 32 Pagets disease of bone.....139 Patella, fracture of, treatment of.....154 Physical and mental capabilities following removal of right cerebral hemisphere..... 94 Pneumococcic meningitis, otitic, recovery from.....213 Pneumococcus, in infections other than pneumonia..218 Proctoscopic observations in gastrointestinal allergy. 17 Prognosis of rheumatoid arthritis.....190 Pseudotumor cerebri.....202 Q-T interval, increased, diagnostic significance of in electrocardiogram..... 12 Red blood cell count and glucose tolerance, effect of certain androgens upon..... 79 Red blood cell, human.....111 Removal of right cerebral hemisphere..... 94 Reproduction, vitamins and sex hormones concerned in.....245	Rheumatoid arthritis, prognosis in.....190 Roentgen therapy, present status of..... 85 Stilbestrol in treatment of ovarian deficiency..... 32 Stomach, cancer of, etc..... 50 Subacromial bursitis, acute, treatment of.....234 Sulfonamide drugs, local use of.....149 Suprapubic puncture in treatment of neurogenic bladder.....162 Syndrome, Laurence-Moon-Biedl.....236 Syndrome, nephrotic..... 27 Tachycardia, auricular paroxysmal, in an infant.....167 Total gastrectomy.....225 Treatment of acute subacromial bursitis.....234 Treatment of chorea with typhoid shock.....158 Treatment of fracture of the patella.....154 Typhoid shock, treatment of chorea with.....158 Ulcers, phagcydenic, local use of sulfonamide drugs in..152 Umbilical concretions.....172 Undulant fever, possible, associated with hyperthyroidism..... 21 Uveitis..... 58 Vitamins and sex hormones concerned in reproduction 245 Wound infections, local use of sulfonamide drugs in...151
